Subject: FILE REQUEST - Allied Paper Landfill, Kalamazoo, MI
Attachments: FIELDS TEAM_Hotspot Analysis_APL.pdf

Hello John,

Tera Tech on behalf of the Lyondell Environmental Custodial Trust is requesting the following files and any associated GIS file (shapefiles and/or geodatabase):

- MDEQ_B.xls.xls,
- SEDSOIL_OU1.xlsx (received by EPA from CH2MHill), and
- Pre-TCRA-OU1.xlsx (received by EPA from CMD)

The files contain historical PCBs data for soil and sediments and were used by EPA to conduct a PCBs hotspot analysis in 2013 as part of the preparation of the Feasibility Study.

The data will be used to support our efforts for the preparation of the Remedial Design and Pre Investigation Design Work Plans at the Allied Paper Landfill site.

Please, let us know if you would be able to process this request or if you have any questions.

Thank you,

Marco Capodivacca
